

# We're at War | Part 1

PASTOR IAN WIJNANDS

# Ephesians 6. The Armour of God

Our war is not against flesh and blood. We need to use our sword of the Spirit (Word.)

The Sword is the only offensive piece of armour. With armour comes responsibility and anointing. You have to grow into it to handle the weight. It's consistently upgraded to us as we grow.

The Gospel of Peace is an important peace of armour to have in War.

2Corinthians 10:2 We should be bold against those who think we're doing this in the flesh. Vs.3 We walk in flesh, but we're at war with the Spirit. Vs.4 We're using Spiritual weapons, not natural ones.

# Offense and Defense

The Spirit of Paul is at war, but his flesh is meek. God is interested in setting people free, we need to have strongholds taken down in our lives and in the region.

Matthew 16:17 The point of the church is to pull souls out of Hell. The gates of Hell won't prevail against us. They're the defense but are also the weakest part the a wall. The gate is meant to keep us out, but also to keep souls in.

God wants to set the captives free, we need to bust down the gate. 2 Corinthians 10. Pull down strongholds, not by bribing Satan but taking down the gate down and plundering the camp.

# Offense and Defense

Claim that you're child of God and that you're planted on this rock. Isaiah 61, God can't stand it when people are bound by Sin. We need to proclaim liberty.

Matthew 7. The way is narrow to eternal life. Hell is now, it's a continual choice. People can choose to live in a Heaven on Earth or a Hell on Earth. We need to snatch the souls out now! Not another moment in Hell!

Thank - You
